

## RUIZ WAS MURDERED GENERAL LEE SAYS

HE WAS ARRESTED ON A FALSE CHARGE.

Two Stories As to the Way He Received The Injury That Caused His Death—Watchman, It Is Thought, Struck Him Harder Than He Intended To—Calhoun Is Home.

New York, June 8.—The Journal publishes what purports to be the full text of Consul General Lee's report on the Ruiz case to Secretary Sherman. It is dated Havana, May 31, and says in part:

"I deduce from my knowledge of the facts the following conclusions: "First—Dr. Ruiz was arrested on a false charge.

"Second—He was placed under an improper jurisdiction, and died before the proper tribunal considered his case, thereby giving him no opportunity to prove his innocence.

"Third—He was kept 'incommunicado' in a solitary cell for 315 hours, in violation of his treaty rights, which limit such confinement to seventy-two hours.

"Fourth—He died from congestion of the brain, produced by a blow on the top of the head.

"Fifth—There are two stories connected with the wound on the head. One that in a state of mental excitement he ran across the cell as described by one of the jailers, and butted his head on the door in a frantic effort to get out. Another, that he was struck over the head with one of the clubs carried by the jailers—by the immediate watchman—who had probably ordered him to cease his cries for relief, and for his children, and upon his not doing so, struck him with more force than he intended; or, it is possible the blow was delivered to make him confess or give evidence against others."

Calhoun Expected in Washington.

Washington, June 8.—Mr. Calhoun, the special counsel for the United States in the Ruiz case, is expected here to-night. In view of the fact that the President leaves Washington the day following for Nashville, it is possible that Mr. Calhoun will be invited to accompany the president on the special train a part of the way, at least, in order to afford opportunity to make a verbal report upon the results of his visit to Cuba. There is no expectation at the state department that any immediate results will follow Mr. Calhoun's return.

Lands at New York.

New York, June 8.—William J. Calhoun, who was sent to Cuba as a special commissioner to investigate the circumstances of the death in prison of Dr. Ruiz, an American citizen, reached this city on Monday. He was accompanied by George W. Fishback, his secretary, and Charles M. Peppe, a Washington newspaper correspondent, who went to Cuba with the commissioner. Ramon O. Williams, formerly United States consul-general to Cuba, came on the same steamer.

Must Pay for Bonds.

Topeka, Kas., June 8.—The State Supreme court has rendered a decision that affects holders of millions of dollars' worth of western Kansas bonds. Several years ago Garfield county issued a block of bonds and afterward repudiated them because the county was illegally organized. Since that time the county has become a township of Finney county. Lewis A. Riley, a wealthy citizen of Philadelphia, bought the bonds. He brought suit to collect the debt, and the Supreme court orders the township to pay the debt. Millions of dollars' worth of western Kansas bonds thought to be worthless are rendered collectable by this decision.

Judicial Election in Illinois.

Springfield, Ill., June 8.—Returns from the state show that a small vote was cast in the judicial elections Monday. Republicans have carried the 1st, 5th, 6th, 9th, 11th, 12th, 13th, 14th, 15th, 16th and 17th circuits, and the democrats have the 2d, 3d, 4th, 7th, 8th and 10th. Nearly all districts show democratic gains. For judges of the Supreme court returns from few of the seven districts in the state are complete.

The Ohio Senatorial Canvass.

Cincinnati, O., June 8.—Congressman Paul J. Sorg announces his candidacy for United States senator in the event that the democrats secure a majority of the members of the legislature to be elected in November. John McLean, proprietor of the Cincinnati Enquirer, is now in the city conducting his canvass.

Trying to Save Frantz.

Dayton, O., June 8.—The case of Albert J. Frantz, the condemned murderer of Bessie Little, is up in the Circuit court here. His attorneys are seeking to save him from death by alleging errors. They claim that three of the jurors had expressed opinions in the case.

## TRAGEDY AT WASHINGTON

Charles Barber Shoots Miss Squires and Kills Himself.

Washington, June 8.—The throng of government clerks and others hurrying up Pennsylvania avenue, near 4½ street, about 8:50 o'clock Monday, were startled by the attempted murder of Miss Dorothy E. Squires and the suicide of Charles Barber, a patent attorney, who had gained much notoriety of late by his eccentric actions.

Barber shot Miss Squires and then, turning the revolver on himself, put a pistol ball through his brain, causing almost instantaneous death. Miss Squires is still alive, but the extent of her injuries is not yet known.

Barber came to Washington from Plattsburg, N. Y., and was associated in a few cases with the late Benjamin Butler of Massachusetts, the one-time presidential candidate.

Miss Squires was shot in the back of the head, but at the Emergency hospital, whither she was taken, it is said that the wound probably will not result seriously.

President Friendly to Spain.

Madrid, June 8.—At yesterday's cabinet council the minister of foreign affairs, the Duke of Tetuan, read a dispatch from Washington which announced that President McKinley had given assurances of sympathy with Spain.

Washington, June 8.—Secretary Sherman last evening received the following cablegram from United States Minister Hannis Taylor at Madrid:

Queen regent has expressed unqualified approval of present Cuban policy by reappointing the Canovas ministry unchanged, as that was the only question really involved.

Effect of Oleomargarine Law.

Chicago, June 8.—The effect of the anti-color butterine law, if signed by the governor, will be the removal of the oleomargarine and butterine plants of Chicago to Hammond, Ind. This is the claim of Braun & Fitz, Armour & Co., and other firms interested in the manufacture of the product. Members of the Dairy union, however, claim to disbelieve this story, and say the trade in butterine in Illinois will be destroyed entirely.

Sattley May Go Free.

Kansas City, Mo., June 8.—E. O. Sattley, cashier of the Kansas City Safe Deposit and Savings bank, who was recently pardoned out of the penitentiary by Governor Stephens, will probably not be returned to Kansas City to undergo trial on the remaining indictment hanging over him.

## RUIN IN THE DELUGE NEAR PARIS, FRANCE

SCENES OF DESOLATION IN THAT COUNTRY.

Hundreds of Factories Destroyed in the Department of Isere, and Thousands of Workmen Made Homeless—By the Sudden Rush of Water—All Crops Are Destroyed.

Paris, June 8.—The latest details from Grenoble, in the department of Isere, show that the desolation wrought by the cloudburst, which caused the River Morge to overflow its banks, is far more extended than was at first supposed. The deluge of water caused enormous landslides of trees and sand from the mountains into the valley, overwhelming houses, burying cattle and destroying other property. In many villages the fleeing inhabitants left everything behind them. Almost all the riverside factories were destroyed, and no fewer than 500 workshops were wrecked. The town of Voiron presents a lamentable appearance. All the bridges are gone and the streets are filled with masses of debris washed out from the factories and shops—bales of cloth, rolls of silk and similar manufactured products—while the roads of the town and the district round about are simply impassable and choked with rocks and fallen trees or gullied with great washouts.

Voiron is without gas, as the gas works have been destroyed. Many of the principal merchants are absolutely ruined, and thousands of workmen are not only without employment but without shelter.

So sudden was the onrush of waters that hundreds barely escaped with their lives. In many of the cafes and shops the occupants were up to their shoulders in water before they knew what had happened.

It is reported that a family of six perished, but thus far only two bodies have been found. Many stories are told of heroic rescues.

Along the whole valley the crops are completely destroyed and the farms are all more or less damaged. As the waters slowly subside they leave behind great stretches of mud, in which the soldiers, aided by the inhabitants, are working ceaselessly at cutting channels to allow the waters, gathered in hol' to return to the river.

May Veto Garnishment Bill.

Springfield, Ill., June 8.—Chief Justice Phillips of the Supreme Court is examining the bills passed by the legislature. He and the governor are reading over the measures and the chief justice is passing upon their constitutionality. It is rumored that the governor will veto the Case garnishment bill and that he is seriously considering withholding his approval from the special assessment bill.

Shriver's Trial Is Postponed.

Washington, June 8.—The trial of John S. Shriver, the correspondent of the New York Mail and Express, indicted for contempt in connection with the senate sugar investigation, did not begin Monday. ## BREAK PARTY LINES AT THE CAPITAL

TARIFF SCHEDULES CAUSE DESERTIONS.

Six Democratic Senators Vote With the Republicans For Duty On Lumber—House Adjourns Until Thursday After Transacting Unimportant Business—Debate Was Breezy.

Washington, June 8.—The senate Monday disposed of the lumber paragraph, which has been more stubbornly contested than any other feature of the bill thus far, by defeating the motion of Senator Vest to place white pine on the free list—yeas, 29; nays, 38. The contest was mainly significant in breaking party lines, which have been maintained with few exceptions during the early stages of the debate. On the final vote eight Democratic senators voted against Mr. Vest's proposition—namely, Bacon and Clay (Ga.), McEnery (La.), McLaurin and Tillman (S. C.), Martin (Va.), Rawlins (Utah) and White (Cal.) On the other hand, Mr. Carter (rep.) and Messrs. Cannon and Mantle (silver rep.) voted for the Vest motion. Following this a vote to substitute the Wilson lumber schedule was defeated—17 to 37—and the schedule was agreed to as reported. The debate preceding the vote was at times very breezy, owing to the break of political lines.

A general discussion of the future program on the bill occurred before the senate adjourned. It led to a statement by Mr. Allison, in charge of the bill, that the committee will probably submit amendments to the sugar schedule. For this reason he announced that the sugar schedule would be passed over today and the tobacco schedule taken up.

IN THE HOUSE.

Early Adjournment After Some Unimportant Business.

Washington, June 8.—Mr. Bailey (Dem., Tex.), the minority leader, was in his seat when the house met Monday for the first time in a fortnight.

After some unimportant business Mr. Grosvenor (Ohio) moved an adjournment.

"As long as the Cuban resolution and the bankruptcy bill are undisposed of," interposed Mr. Bailey, before the vote was taken, "we feel constrained to resist these motions to adjourn."

The opposition scored its first victory this session when, on a rising vote, the motion to adjourn was defeated, 79 to 80. The opposition cheered the announcement. Mr. Grosvenor immediately demanded the yeas and nays, which were ordered.

The roll call reversed the previous vote, and the motion to adjourn was carried, 97 to 79; present and not voting, 11.

The speaker announced the house adjourned till Thursday.

Illinois Silver Men Organize.

Chicago, June 8.—Monday evening the Illinois state leaders among the silver Republicans met and completed an organization for Illinois. Following the adoption of these resolutions James H. Teller was elected a member of the national committee from Illinois and fifteen members of the state central committee named.

Iron Workers' Strike Ended.

Pittsburg, Pa., June 8.—The strike at Jones & Laughlin's American Iron Works is broken, and a general resumption is expected in a few days. When the gates were opened Monday the machinists, chainmakers, bolt-makers and foundrymen returned to work. Over 700 men are now working, and the impression is general on the south side that all the old men will go back before the end of the week. There was no demonstration, and all is quiet about the mill.

To Test Nebraska Law.

Omaha, Neb., June 8.—Last winter the legislature passed a bill to regulate stock yards charges. No attempt has yet been made to enforce the law. Monday suit was begun in the United States court to test the validity of the statute. It is in the nature of an application by a stockholder for an injunction to prevent the managers from putting the rates named in the law in force.

Fall of a Loaded Elevator.

New York, June 8.—By the falling of a freight elevator in the postoffice Monday six men were hurt. Four were postal employees and the other two were engaged by the contractor who has charge of the alterations now going on in the federal building. At Holland the Methodist and Christian churches were wrecked, and several houses were unroofed and their contents nearly ruined.

Spanish-American War Talk.

Havana, June 8.—El Comercio, in a leading article on the Gracco-Turkish war, blames the European jingoes for not having arranged the matter diplomatically so as to avert bloodshed. It compares King George with Mr. Cleveland and President McKinley, as "peaceably disposed personally, but lacking the power to maintain a conservative policy, and to stifle a rattle-headed popular demand." The article continues: "Young Greece's defeat and humiliation should be a warning to American jingoes." In closing, El Comercio says that Premier Canovas is gaining time, and will be prepared in case war comes, as he is building and buying war vessels.

Cubans Repel the Spaniards.

Key West, Fla., June 8.—The forces of Reina battalion had a fierce combat at Saguna Colorado, Pinar del Rio province, lasting three hours. The insurgents obliged the Spaniards to keep at a distance. The Spaniards retreated, carrying with them many dead and wounded. The town of Coloma is in the hands of the Cubans. At Alcnzo Rojas, Pinar del Rio province, a Cuban hospital was attacked by Spanish soldiers, twenty women and many children being macheted. Gen. Weyler has forbidden the people to buy meat of persons not his agents and he has sent soldiers to gather the cattle.

Suspicious of Relief Grain.

Washington, June 8.—Lewis Klopsch, publisher of the Christian Herald of New York, which had undertaken to procure cargoes of grain to be sent to the famine sufferers in India, has notified the navy department that the grain on hand will be sold and the money forwarded to India instead as the best and speediest means of relief. Mr. Klopsch writes that the natives, having been made to believe by unscrupulous native grain dealers that the Americans have poisoned the wheat that was to be sent to them, refuse to eat any of it under any circumstances.

Grave Robbed at Indianapolis.

Indianapolis, Ind., June 8.—The discovery has been made that body snatchers were systematically plundering the graves in what is known as the Old Lick Creek Baptist Church cemetery, five miles southwest of this city. One grave was opened Sunday night, and examination showed that several others had been similarly visited, the headboards being thrown aside and a hole disclosing a broken and empty casket.

Durrant Expects a Stay.

San Francisco, Cal., June 8.—The peculiar status of the Durrant case is exciting an unusual amount of public comment. The opinion is generally expressed that Durrant will not be hanged Friday. Attorney-General Fitzgerald, however, said that unless officially notified or restrained Warden Hale stands ready to carry out the sentence. Warden Hale has asked for the opinion of the attorney-general, who will render his decision today. So confident is Durrant of the outcome of his appeal to the court of last resorts that he is already making plans for the future.

Large Oil Works Closed.

Cleveland, Ohio, June 8.—Monday the entire plant of the Standard oil works in this city shut down for an indefinite period. The foreman told the men that there would be no work for three weeks and maybe a much longer time. The men believe that during that time another section of the plant will be abandoned, carrying out the Standard's policy of making in this city only enough oil and other products to supply the home demand. Close to 1,000 men are thrown out of work by the shut-down.

School Elections in Indiana.

Indianapolis, Ind., June 8.—The township trustees of every county in Indiana elected a county superintendent of schools Monday. Thirty-two Democrats were succeeded by Republicans. ## DIED IN A WRECK AT HUDSON, WIS

Six Men Killed in A Smash Up Yesterday.

A FATAL COLLISION ON THE OMAHA ROAD.

Freight and Work Train Meet, Through a Mistake In Following Orders, With Terrific Force—Men In the Boarding Car Never Knew What Struck Them—Some of the Cars Burned—Property Loss Will Be \$50,000—List of Victims.

Hudson, Wis., June 8.—Six men were killed, one fatally injured and two others badly hurt in a collision on the Omaha road near North Wisconsin Junction at 1:30 p. m. Monday. The dead:

HURD, E. S., Eau Claire, Wis.  
LEIGHTEISER, JOSEPH, Eau Claire, Wis.

REBY, HERMAN, Altoona, Wis.  
RILEY, THOMAS, Eau Claire, Wis.  
SWAIN, MILTON, Eau Claire, Wis.  
THAYER, FRANK, Altoona, Wis., fireman.

The fatally injured:

SEITTELMAN, S., Menominee, Wis., engineer of pile driver.

The slightly injured:

Brogan, L., Eau Claire, Wis., engineer.

Owne, James, Eau Claire, Wis., conductor.

The accident occurred on the double track going west from the junction. The way freight No. 41, going west, was ordered to take the right-hand track, but took the left track and was running at the rate of eighteen miles an hour when upon turning a short curve on a down grade they came upon a work train backing east and toward them at a speed of thirty-five miles an hour. The collision was something terrific. On the rear of the work train struck by engine 41 was the boarding car, in which were Thomas Riley, E. S. Hurd, Milton Swain and Joseph Leighteiser.

They had no inkling of the danger and were instantly killed. The car at once caught fire and the bodies of the men were consumed. All the men on the freight escaped unscathed. Both engines are wrecked and the boarding car, pile driver and furniture car burned.

The accident was caused by neglect of orders by the engineer and conductor of the work train, who were given right of way on the west-bound track. The damage is estimated at \$50,000.

Surgeons were promptly at the scene of the wreck, and after caring for the wounded as far as lay in their power ordered them sent to St. Paul. Fireman Thayer was so badly mangled that he died a few hours later, making the death list six. The bodies of the four men killed in the work car were so badly burned as to be unrecognizable.

The conductor of the work train, whose neglect of orders rendered possible the fearful wreck, is in a state of mind closely bordering on insanity. He has been taken in charge by the authorities and watch kept closely for fear he may do harm to himself.

Riley, Hurd, Swain, Thayer and Beebe each leaves a widow and children. Leighteiser has two children, while Engineer Brogan has a family dependent on his services.

Meeting of United Workmen.

Milwaukee, June 8.—The supreme lodge of the Ancient Order of United Workmen opened its annual session in this city today. It is expected that the coming meeting will be one of the most important which has been held for some years. The membership of the order is about 370,000, and of this the Canadians constitute about 25,000. The matter of separation is therefore apt to cause considerable discussion.

## AFTON SCHOOL IS NOW CLOSED

Exercises Were Held at Lawton's Hall on Saturday Evening.

Afton, June 8.—Exercises of an interesting and entertaining nature were those held at Lawton's hall last Saturday evening, the event marking the close of Afton school. All the pupils in both grades took part, and with songs and recitations, demonstrated their ability to successfully entertain a large audience, and reflected greatly to the credit of the teachers, who have so faithfully performed the duties devolving upon them during the term just ended. The program was interspersed with instrumental music rendered by an orchestra composed of James Bennett violin; Frank Walters bass viol; and Miss Bessie Seales at the organ; while A. R. Waite rendered a vocal solo with Miss Mary E. Scott as accompanist. Two of the pupils, Misses Grace Gundel and May Starr, were granted diplomas; while another, Miss Sarah Drafahl, has passed successfully the examination required for a third grade teacher's certificate. The presentation of the diplomas was made in a few well chosen remarks by William J. Miller, representing the school board and a brief address, descriptive, reminiscent and suggestive was delivered by Principal F. P. Starr at the conclusion of the exercises. Miss Eliza Stoddard, who has labored so energetically in the primary department, was present to see that her juveniles acquitted themselves in a creditable manner, and certainly had no cause for disappointment over their work. The hall was tastefully decorated for the occasion, the audience was enthusiastic, the teachers proud, the scholars happy and the school board—well they were a combination of enthusiasm, pride and happiness and seemed to be at peace with all the world. The present board is composed of Peter Drafahl, director; William Brinkman, clerk and William J. Miller, treasurer, a worthy triumvirate, who have zealously guarded the interests of District Number 4 and sought the introduction and promotion of ideas calculated to advance the school to a higher plane. A large congregation listened to another powerful sermon delivered by Pastor McCaw at the Baptist church last Sunday evening. "Childrens Day" will be observed at the Baptist church next Sunday morning, the exercises taking the place of the regular morning services. Y. P. S. C. E. and preaching service as usual in the evening. Mr. and Mrs. A. W. Stark returned Monday from a short visit with relatives at Helenville, Wis. Miss Vienna P. ## CITY COUNCIL HELD A BUSY SESSION

SCHOOL COMMITTEE CONSIDERING APPROPRIATION.

To Advertise For Bids To Light the Streets of the City—Sewerage System Plans Discussed—Perry Brown Made Assistant City Engineer—Bicycle Ordinance Is Passed.

Aldermen McKey and MacLean were absent when Mayor John Thoroughgood called the council to order last evening. At the meeting it was decided to:

Give the school committee further time in which to consider the request of the school board for an appropriation of \$23,000. Confirm the appointment of Perry Brown as assistant city engineer.

Pass the new bicycle ordinance, Alderman Stoddard voting "no."

Advertise for bids to light the streets of the city of Janesville, the bids to be received on or before June 25, and lights to burn from an hour after sunset to an hour before sunrise.

Discuss the matter of sewerage; paid bills, ordered street repairs, etc.

The report of the municipal court was found to be correct, and ordered placed on file, and similar action was taken in the matter of the reports of the school board.

The certificate of the board of education asking for \$23,000 to run the schools, was referred to the school committee and further time was granted.

A petition to vacate that part of First avenue, Adams avenue and Carle avenue lying and being south of McGraw street and also Wesley street, Baker street and Champion street, being streets and alleys in Hamilton's addition to the city of Janesville, was referred to the highway and bridge committee, who asked for further time, which was granted.

Perry Brown, is Appointed.

The clerk presented the appointment by City Engineer Bleedorn, of Perry Brown as assistant city engineer and the appointment was confirmed on Alderman Burnham's motion.

L. D. Dudley was appointed special police without pay.

Permission was granted Thomas Bowles to make repairs on a building on North Bluff street on the favorable report of the fire and water committee.

Chatham street property owners presented a petition for fire hydrants on that street and the fire and water committee was given further time to report on the matter. The water company is about to lay a line on that street.

Chairman Burnham of the finance committee reported favorably on a number of bills and they were ordered paid.

Chairman Millmore, of the highway committee, called for the third reading of the bicycle ordinance. The ordinance fixes a speed limit of ten miles an hour; prohibits riding on any sidewalk; provides that a bell shall be carried on the handle bar and that a lighted lamp shall be carried during the evening and night; prevents the throwing of matter calculated to injure tires, in the street; and providing a penalty for violation, of not more than \$10 nor less than \$1.

Alderman Stoddard favored reducing the speed limit to six miles an hour. After more discussion the ordinance was adopted, all voting aye except Alderman Stoddard.

Ask for Bids for Lighting

Alderman Jonas introduced the following:

Notice is hereby given that the common council of the city of Janesville will receive bids for lighting the streets of the city, and will consider the same at a regular meeting to be held on the 25th day of June, 1897. All bids must provide for lighting the streets from half an hour after sunset to half an hour before sunrise, for a term of three years, and must be filed with the city clerk on or before June 25, 1897. The city reserves the right to reject any or all bids.

Alderman Burnham moved that the notice be published in all the city papers, and the motion was carried.

Mayor Thoroughgood brought up the matter of a sewerage system, saying that he was in favor of building the system. His chief reason was the danger to public health, but many men would be given employment if the work was done soon.

Chairman Gilkey, of the sewerage committee, said the committee had been looking into the matter, and would probably have a report to make at the next meeting.

Alderman Stoddard thought the main sewers should empty into the river below Monterey. He favored building the system. Mayor Thoroughgood suggested that the committee hold a meeting at City Attorney McElroy's office.

The following orders were adopted: By Alderman Burnham—For new sidewalk on Peace court.

By Alderman Kothman—Directing the park committee to have a sidewalk built on Milwaukee street on the north side of Corn Exchange park.

By Alderman Millmore—Orders for sidewalks in Palmer & Sutherland's and Railroad additions.

Alderman Stoddard said that he had some orders to introduce regarding new sidewalks and he would like to have the street commissioner get a hustle on himself and have them served without waiting six or seven days. These orders had been lying around now for a week.

"You get in your orders and it is my place to see that they are served and I will speak to him myself," said Mayor Thoroughgood. Ald. Stoddard's orders called for walks on Prospect avenue, North Main street, North

First street, North Bluff street and Fourth avenue.

More New Walks.

By Ald. Rice—To build a new sidewalk on Madison street and repair the culvert on Mineral Point avenue.

By Alderman Fildell—For new sidewalks on the north side of Wall street, next west of Howe Bros' factory. Also that the city engineer be directed to prepare and file specifications for a grade of North Jackson street from Milwaukee street north to the railroad, preserving the present contour of said street, and providing a curb line on each side of the street twelve feet from the lot line.

By Alderman Gilkey—Directing the street commissioner to build a block crosswalk across Walker street, on the easterly side of Milton avenue, also repair street from Gore street to Main street; also to repair Oakland avenue from Jackson street to South Bluff street; also for a new sidewalk on Court street and build a block crosswalk across South Second street on the west side of Jackson; across East street on the south side of Park place south and across East street on the north side of South Second.

The City Should Act.

City Attorney McElroy informed the council that there was a piece of bad sidewalk on Eastern avenue in front of the Carvington property in the Crown addition. He thought the city should take it up before some accident happened and as no one was responsible for the walk the city would have to pay. There was another bad walk from Ruger avenue over into Forest Park. The boards had been pulled out and many of them broken by boys who would try the strength of their heels on the boards and see how many they could break.

Ald. Rice wanted to know if the council could take up the walks without notifying the property owners to repair them.

City Attorney McElroy said that he could take care of the property owner a great deal better than he could of some woman with a broken leg.

Than because of the work itself. Every physician says so, and that the only remedy is in building up by taking a good nerve tonic, blood purifier and vitalizer like Hood's Sarsaparilla. ## A STEADY STREAM

Of People Poured Into C. D. Stevens' Pharmacy Yesterday to Get Free Samples of

Dr. Hobbs Sparagus Kidney Pills and Little Liver Pills.

Hundreds In Janesville and Vicinity Now Testing These Great Remedies.

## NOW FOR RESULTS.

Last night the free distribution of sample boxes of Dr. Hobbs Sparagus Kidney Pills and Little Liver Pills closed at C. D. Stevens' Pharmacy and will be long remembered in this city.

The frightful number of people who are suffering in one way or another from kidney troubles and liver complaints in this vicinity can only be estimated by the enormous number of sample packages of these wonderful pills which were given out yesterday to all interested persons living in this city or neighborhood who applied for them.

"Can it be possible," said a man who called yesterday, "that the advancement in the science of medicine has at last reached a climax for poor sufferers like myself?"

"I am going to say one thing at any rate. The owners of these medicines certainly have faith in them and are going about to prove their worth in an honest, straightforward manner. Just this thing alone gives me confidence and strong hope that I shall again be a well man."

Another caller yesterday—a lady—said: "I live several miles from Janesville, but I am going to get a sample of Dr. Hobbs Sparagus Kidney Pills for my husband. He has been a sufferer from kidney disease for many years."

"My husband has spent a great many dollars with the best doctors we could hear of, north and south, but at the best he has received only temporary relief."

"Dr. Hobbs' announcement that his Sparagus Kidney Pills will cure and build up the kidneys, and his offer to prove it by giving away of a free package, is quite a novelty to me, as heretofore it has been 'pay' whether the medicine did any good or not."

"We are going to give his pills a good, fair trial, and I hope that others suffering as my husband is, will hear of it, and accept the kind and generous offer which Dr. Hobbs makes."

## A CARD TO THE PUBLIC.

Since the first distribution of Dr. Hobbs Pills was made in this city some months ago, there has been an unprecedented sale of them in this vicinity, and many letters of gratitude have been written by those who have regained lost health by using it.

Every person who knows or suspects that his kidneys or urinary passages are affected, every person who has any of the following symptoms, should make a test of Dr. Hobbs Sparagus Kidney Pills without delay, viz: Pains in the Back or Sides, Nervousness, Frequent Thirst, Shortness of Breath, Puffiness of the Eyelids, Swelling of the Feet and Ankles, Dark Colored or Scanty Urine, with albuminous or other deposits in the urine, or too frequent urination.

And those suffering from torpid liver, disordered bowels or stomach, sick headache, nausea, etc., should not fail to use the sample of Little Liver Pills.

For the benefit of interested persons living out of town who from any reason, failed to get a sample at my store yesterday. Dr. Hobbs authorizes me to say, if you will cut out the coupon below and mail it to the Hobbs Remedy Co., Chicago, Ill., with your name and address, a sample box of these pills will be sent you by mail, postpaid and free of expense. C. D. Stevens, Pharmacist, Cor. Main and Milwaukee Sts., Janesville, Wis.

Marvelous Success in Curing the Sick by X-Rays.

It is wonderful how the patients flock to the office of Dr. Melville, the celebrated specialist in chronic diseases. We suppose it is because she has had such good success in cases which she treats. She has made diseases and their causes a study for life, and is thoroughly qualified to treat the most difficult cases. From what we can learn the doctor justly merits her success.

## DR. MELVILLE CURES HER CASES.

Cures Tumor After Surgical Operation Failed.

LAKE GEORGE, October 2.

Dear Dr. Melville:  
This will come to you unexpected, as it is unsolicited. For fifteen years I have been afflicted with the tumor for which you so successfully treated me. Skilled surgeons failed to remove it, yet your treatment absorbed it in a most marvelous way and with great rapidity. For the good of others who may be suffering from tumor, I ask you not only to show this letter but to let the public see it by the medium of any local paper you desire to hand it to for publication. I am absolutely feeling perfectly well. I wish to urge anyone suffering from a like trouble to go to you for treatment. For their own suffering body's sake I urge it. If any doubt arises in the mind of any one who reads this I ask them to see me or write me regarding my case. I am sure God is using you as a blessing to suffering humanity and to the glory of His own name, for He wants healthy bodies as well as souls to serve Him. Gratefully yours,  
Miss E. M. WELCH.

## Believed Catarrh Could Not Be Cured.

D. K. Somerton, a well known farmer near Janesville, says:

"I had catarrh of the head, throat and ears in its worst form, and after taking medicine for years, concluded there was no cure, but Dr. D. Melville examined me more thoroughly than anyone else and cured me. I now believe she can cure any case of catarrh."

The above are only random cures. If you wish to be among the cured, call, as Dr. Melville's time is limited. Now, my friends, do not be prejudiced, this may be your opportunity. No matter how long you have been sick; no matter how many doctors have treated you; no matter how much medicine you have taken; no matter what name has been given your disease; call at my office and learn something of my new, improved, common sense, rational and scientific methods of treating diseases.

## Good Printing...

Is like good painting—it demands and obtains a second glance. The second glance leads to thought about and knowledge of the thing portrayed, and then on to the artist or advertiser.

The kind of printing as well as the kind of painting that it pays to do and to have done is that which obtains this "second glance." Plenty of the other kind!

We are PRINTERS. Our work obtains glances of admiration, and thus leads on to the end desired. We don't do the "other kind." Put our job room to the test.

## UNDER A REFORM CLOAK

It develops that just before the civil service reform cloak was spread veteran soldiers were discharged in large numbers from the United States mint during the last democratic administration. A sneaking denial was put forth recently in which the main facts were evaded and the defense based on a question of dates. The Philadelphia "Press" has looked into the matter and exposes the juggling. Over eighty veterans were discharged from the mint by the last democratic superintendent. A call from Washington for information on this point drew from the present superintendent the statement that "the records of the mint do not show a single dismissal on Memorial day, May 30, 1894," as has been stated. The "Press" replies that "the dismissals were prepared and mailed on the 29th—the day before Memorial day—and they were delivered to the veterans on Memorial day itself."

This is by no means the only contemptible equivocation that has come lately from the men who are busily engaged in stealing the livery of civil service reform to serve the slickest spoliators in. For example, the public printer's report shows that the working force in his department as substantially arranged under Mr. Cleveland's administration was 2,466 democrats and 512 republicans. Such exhibition of spoliatorship will not be allowed, whatever the pretense.

There may have been cases of destitution last winter, but the appearance of the streets these moonlight nights indicates that no Janesville family is so poverty stricken as to be without a bicycle.

## CHICAGO MARKETS BY WIRE

Robert Lindblom's Letter On the Condition of Crops and Trade.

Chicago, June 8.—[Special to Byrd & Law, Commission Co.]—Prospects of cold weather gave the corn market a boom this morning, which was shared in by the wheat market; but wheat had independent strength, by virtue of better cable advices, a good demand for cash wheat and a decrease in the visible supply of two million more than the crowd expected, and larger even than my estimates which were so freely expressed last Friday. Strength has reference to the present rather than the future. It is based on a legitimate rather than a speculative demand, and it is now within the reach of probabilities that the conditions which have been theoretical in regard to July wheat may be realized, and that an absolute scarcity of wheat for consumptive purposes will be felt during the next seven weeks. There is hardly any doubt as to the backward development of the corn and oat crop and at the present writing the last crop is suffering more than the former. The trade believes and with good reason that there is yet ample time to make a corn crop with favorable conditions such as we have no right to expect this year. In fact all the indications point to continuous unfavorable conditions for corn.

Provisions have had a decline and that advance is now due.

Our crop observer writes as follows: "After a second trip over that portion of the winter wheat belt where there was liability of damage, Michigan, Indiana and Illinois, I find that the general condition is greatly improved. The reason for this is that the weather has been exceptionally good for the growing of wheat, that is frequent showers and cool, and very unfavorable for the development of insects. In Missouri it was somewhat dry in the latter part of May, giving the chinch bugs a chance to hatch out in large numbers. For this reason there is no improvement there, and in fact in some sections the fields already show damage and the grain will be shriveled and inferior. In Illinois and Indiana what grain there is will be of good quality."

All through the corn belt, Missouri and Illinois, the corn looks good considering the unfavorably cool weather and backward season. Because of the great decrease in wheat acreage there is a proportional increase in the acreage of corn. In the northern part of the corn belt the corn is not all up yet."

Chicago Board of Trade quotations furnished The Gazette by Robert Lindblom & Co. to Byrd & Law Commission Co., No. 24 West Milwaukee street.

## That Touch of "Style"

Buying at many clothing stores means getting ordinary, average factory clothing, when you could get the very latest "swell thing" here at the same cost.

For instance, take these new stylish homespuns, in our \$12 line of suits.

Handsome, light imported English homespuns, three button cutaways, some half lined, some full skeleton; all linings and seams piped, and all finished with silk; the skeleton coat have the wide liberal French facing, and three or four outside patch or flap pockets; the collar and button holes are handwork, and the tailoring the best, fit guaranteed to your satisfaction; these suits are regularly selling elsewhere at \$15. Here they are \$12. T. J. Zeigler.

## BEDRIDDEN.

## FIFTEEN YEARS OF SUFFERING.

The Doctors Wanted Seven Hundred Dollars to Attempt the Cure.

The following is a letter we received a short time ago from Mrs. M. C. Hinkley, 602 North Mississippi St., Indianapolis, Ind.

Gentlemen:—While suffering intensely from piles, I became interested in your advertisement in one of our daily papers and procured a package of your Pyramid Pile Cure from our druggist. Contrary to my expectations, the relief was instantaneous. I used two boxes of the Pile Cure and one of the Pills and am convinced that they are the only sure cure for piles on the market. I have been a sufferer from piles for fifteen years and have been confined to my bed about one-half of the time, expecting and wishing for death for the pain was so great. I went to the college here and the doctors said my case was a new one to them, the great pain having brought on a large rupture, which they wanted seven hundred dollars to cut out. I was very much afraid that death would result from the blood-poisoning which they said would result from the operation. I feel as though I can't praise the Pyramid Pile Cure and the Pyramid Pills too highly, as I am convinced that they saved my life. Before using your cure I weighed only ninety pounds and now I weigh one hundred and fifty and feel as well as I ever did in my life. You are at liberty to use this testimonial in any manner you may see fit, as I want all sufferers from this terrible disease to know that there has at last been compounded a remedy that will cure piles.

There is no need of the danger, pain and expense of a surgical operation for any form of piles. The Pyramid Pile Cure does the work without pain and is the safest and best. Remember also that the Pyramid Pills are a certain cure for constipation, acting without griping and restoring natural action to the bowels.

The Pyramid Pile Cure is sold by druggists at 50 cents and \$1.00, and the Pyramid Pills at 25 cents, or by mail from Pyramid Co., Albion, Mich.

## KIDNEY TROUBLES

Cured by Lydia E. Pinkham's Vegetable Compound,

Also Backache.

I cannot speak too highly of Mrs. Pinkham's Medicine, for it has done so much for me. I have been a great sufferer from Kidney trouble, pains in muscles, joints, back and shoulders; feet would swell. I also had womb troubles and leucorrhoea. After using Lydia E. Pinkham's Vegetable Compound, and Blood Purifier and Liver Pills, I felt like a new woman. My kidneys are now in perfect condition, and all my other troubles are cured.—Mrs. MAGGIE POTTS, 324 Kauffman St., Philadelphia, Pa.

Backache.

My system was entirely run down, and I suffered with terrible backache in the small of my back and could hardly stand upright. I was more tired in the morning than on retiring at night. I had no appetite. Since taking Lydia E. Pinkham's Vegetable Compound, I have gained fifteen pounds, and I look better than I ever looked before. I shall recommend it to all my friends, as it certainly is a wonderful medicine.—Mrs. E. F. MORTON, 1043 Hopkins St., Cincinnati, Ohio.

Kidney Trouble.

Before taking Lydia E. Pinkham's Vegetable Compound, I had suffered many years with kidney trouble. The pains in my back and shoulders were terrible. My menstruation became irregular, and I was troubled with leucorrhoea. I was growing very weak. I had been to many physicians but received no benefit. I began the use of Mrs. Pinkham's medicine, and the first bottle relieved the pain in my back and regulated the menses. It is the best kind of medicine that I have ever taken, for it relieved the pain so quickly and cured the disease.—Mrs. LILLIAN CRIPPEN, Box 77, St. Andrews Bay, Fla.

## RAILROAD OFFICERS WANT JACK HESS

SAY HE AND HIS PARTNER  
ROBBED CARS.

Claim to Have Evidence That the Goods Found in Their Possession Were Taken From a Train At Milton—Both Men Held For Trial By Justice Booth of Beloit.

The Chicago & Northwestern and the Chicago, Milwaukee & St. Paul railroad companies are now taking a deep interest in the prosecution of "Jack" Hess and his pal, William Saunders. Both roads claim that they have evidence to show that both Hess and Saunders are guilty of burglary. This morning Hess, Saunders and William Morris were taken from the jail to the St. Paul depot and on the 9:30 train they left for Beloit, the scene of their capture.

At 10 o'clock this morning they were arraigned before Justice Booth for a hearing. From the evidence that was submitted it appeared that Morris was not implicated in the recent robbery and as there was not sufficient evidence on which to hold him he was allowed to depart.

But this was not the case with Hess and Saunders.

It took but a short time to convince Justice Booth that there was cause to believe that both men were guilty, and they were ordered held. Their examination will be held in one week.

Railroad Officers Here.

Detective Peter Valley of the Northwestern road, and Chief of Detectives Casey, of the St. Paul road, were in the city today, looking up evidence. Both detectives claim that they have strong reasons to believe that Hess and Saunders were implicated in the recent car robberies at Milton. The stolen shoes that were found on the prisoners when arrested, the detectives claim, were made in Racine for shipment to Line Springs, Iowa and that while enroute they were stolen at Milton. The twenty-two hats that were found in the prisoners' possession have not as yet been traced and the detectives are now following up clues in the hopes of locating the merchant to whom they were consigned. Detectives Valley and Casey would talk but little about the case this morning, but they did say that they were satisfied that they had made no mistake when they "spotted" Hess and Saunders. Both prisoners with shackled arms arrived in the city on the noon train in charge of Officer R. G. Scheibel of Beloit. Hess recognized a number at the depot whom he seemed to know and with lighted cigar in his mouth he bowed right and left. Both prisoners are again lodged in jail. They have "nothing to say."

## FRANK KOHLHOFF IS HELD.

Rockford Grand Jury Will Investigate His Case Soon

Frank Kohlhoff, the Janesville man who is charged with selling diseased meat to Butcher Anderson at Rockford was given a hearing before Justice Morrison and held to the grand jury in the sum of \$500, which he has as yet been unable to furnish, going back to jail.

R. G. McEvoy conducted the prosecution and Mr. Anderson and Dr. Rohr were the only witnesses examined. Kohlhoff admitted the sale and also admitted having killed and sold calves under four weeks of age, which is contrary to law. He told the court he was sorry and would never do it again. Janesville parties may furnish bail for him.

## FUNERAL PARTY IN A CAR

George R. Corson's Remains Passed Through Janesville Today.

A special car filled with relatives and friends of the late George R. Corson arrived in the city this morning from Madison, being attached to the regular Madison-Monroe passenger train. The remains were on the train and were on their way to Monroe for interment. Numerous had some floral offerings were to be seen and many sympathizing friends met the funeral party in this city.

Kid Gloves for Tomorrow.

We have secured a limited quantity of Aug Charles & Co.'s "Bonnevois" real kid gloves in opera shades only, which we will offer Wednesday and while they last at about one-third value. These gloves retail on State street at \$1.50. They have three rows of heavy embroidery on back, in both self shades and black, have four large pearl buttons. The most of the lot are in sizes 5½, 5¾ and 6, with only about a dozen pair each of 6½ and 6¾. We shall sell them at 69 cents and can say that nothing to equal them was ever offered in town. At the same price, 69 cents, are a few dozen eight-button length Suede mosquetoire gloves, opera shades and only in sizes 5½, 5¾ and 6. We will also place on sale 25 dozen glove (dressed) kid gloves in the desirable shades of tau and brown four large pearl buttons. Every size from 6 to 7½. These are not as remarkable a bargain as the first two lots, yet they are a glove which usually retails at \$1 and which we shall put in at the same price as the other lots, 69 cents. Unquestionably this is the greatest glove offering of the season and in view of an increased duty on gloves under the new tariff buying a year's supply will be wise. Notice the west window. Archie Reid & Co.

ICE cream and cake will be served at the First M. E. church tomorrow evening, from 6 to 8 o'clock.

## PLANS ARE LAID OUT FOR SUMMER SCHOOL

NOTED MEN WILL TAKE PART  
IN THE COURSE.

William Hawley Smith, the Humorest Who Traveled With Bill Nye, Will Be One of the Instructors—Each of the Department To Be In Charge of Good Teachers.

A summer school with an attendance of three hundred pupils will be held in this city during the months of July and August. Supt. Mayne said today that at the coming session one of the best and most extensive courses that has ever been taken up in this city will be offered. On Monday, July 12, the school will open and the first term will last three weeks. A second term of four weeks will follow. Among the teachers who have been engaged are William Hawley Smith, the well known humorist, who starred the country with Bill Nye. He is the author of "Evolution of Dad," and is well known in the literary world.

Different departments, each in the charge of a skilled teacher, will be the rule this year, and the study of art, methods and music will receive prominent recognition. Three years ago when the summer school was held in this city, there was an attendance of about 250, and the term proved a most profitable one. This year Superintendent Mayne says that the figures are an attendance of at least 300, as many are expected from outside the city.

Mrs. Caroline Carroll, aged 60 years arrived in the city last evening claiming that she had walked all the way here from Portage. At 7:30 o'clock a knock was heard at the main entrance to the jail and Sheriff Acheson who answered it was confronted by Mrs. Carroll. She was a little woman not over five feet tall and would not weigh one hundred and twenty pounds. She was ushered into the office where she sank into a chair and after resting a few moments told a most interesting tale. She said that she was foot-sore from walking, and that for the past three days she had been continually on the tramp, having started from Portage. She claimed that she was without money, and not being particularly in love with riding in box cars, deemed it for her own interest to walk. Sheriff Acheson escorted her to Adam Holt's hotel, where she was given a room, and after breakfast this morning she resumed her tramp. She claimed to be on her way to the home of relatives near Quincy Ill.

CHAPTER VII.  
A CHANGE OF BASE.

We did not reach Flagstaff till 7, and I told the stagecoach to take possession of their car, while I went to my own. It took me some time to get freshened up, and then I ate my breakfast, for after riding 72 miles in one night even the most heroic purposes have to take the side track. I think, as it was, I proved my devotion pretty well by not going to sleep, since I had been up three nights, with only such naps as I could steal in the saddle, and had ridden over 150 miles to boot. But I couldn't bear to think of Miss Cullen's anxiety. When I had finished eating, I went into 218.

The party were all in the dining room, but it was a very different looking crowd from the one with which that first breakfast had been eaten, and they all looked at me as I entered as if I were the executioner come for victims.

"Mr. Cullen," I said, "I've been forced to do a lot of things that weren't pleasant, but I don't want to do more than I need. You're not the ordinary kind of road agents, and as I presume your address is known, I don't see any need of arresting one of our own directors as yet. All I ask is that you give me your word for the party that none of you will try to leave the country."

"Certainly, Mr. Gordon," he responded. "And I thank you for your great consideration."

"I shall have to report the case to our president, and I suppose to the postmaster general, but I shan't hurry about either. What they will do I can't say. Probably you know how far you can keep them quiet."

"I think the local authorities are all I have to fear, provided time is given me."

"I have dismissed the sheriff and his posse, and I gave them \$100 for their work and three bottles of pretty good whisky I had on my car. Unless they get orders from elsewhere, you will not hear any further from them."

"You must let me reimburse what expense we have put you to, Mr. Gordon. I only wish I could as easily repay your kindness."

Nodding my head in assent as well as in recognition of his thanks, I continued, "It was my duty as an official of the K. & A. to recover the stolen mail, and I had to do it."

"We understand that," said Mr. Cullen, "and do not for a moment blame you."

"But," I went on, for the first time looking at Madge, "it is not my duty to take part in a contest for control of the K. & A., and I shall therefore act in this case as I should in any other loss of mail."

"And that is"—asked Frederic.

"I am about to telegraph for instructions from Washington," I said. "As the G. S. has tied up some of your proxies, they ought not to object if we do the same, and I think I can manage so that Uncle Sam will prevent those proxies from being voted at Ash Forks on Friday."

If a galvanic battery had been applied to the breakfast table, it wouldn't have made a bigger change. Madge clapped her hands in joy. Mr. Cullen said "God bless you!" with real feeling. Frederic jumped up and slapped me on the shoulder, crying, "Gordon, you're the biggest old tramp breathing," while Albert and the captain shook hands with each other in evident jubilation. Only Lord Raltes remained passive.

"Have you breakfasted?" asked Mr. Cullen when the first joy was over.

"Yes," I said. "I only stopped in on my way to the station to telegraph."

"May I come with you and see what you say?" cried Fred, jumping up.

I nodded, and Miss Cullen said questioningly, "Me too?" making me very happy by the question, for it showed that she would speak to me. In a moment we were all walking toward the platform. Despite Lord Raltes, I felt happy, and especially as I had not dreamed that she would ever forgive me.

I took a telegraph blank, and putting it so that Miss Cullen could see what I said, wrote:

Postmaster General, Washington:

I hold, awaiting your instructions, the three registered letters stolen from No. 3 Overland Missouri Western express on Monday, Oct. 14, loss of which has already been notified you.

Then I paused and said: "So far, that's routine, Miss Cullen. Now comes the help for you." And I continued:

The letters may have been tampered with, and I recommend a special agent. Reply Flagstaff, Arizona.

RICHARD GORDON,  
Superintendent K. & A. R. R.

"What will that do?" she asked.

"I'm not much at prophecy, and we'll wait for the reply," I said.

All that day we lay at Flagstaff, and after a good sleep, as there was no use keeping the party cooped up in their car, I drummed up some ponies and took the Cullens and Ackland over to the Indian cliff dwellings. I don't think Lord Raltes gained anything by staying behind in a sulky, for it was a very jolly ride, or at least that was what it was to me. I had to tell them all how I had settled on them as the criminals. To hear Miss Cullen talk one would have inferred I was the greatest of living detectives.

"The mistake we made," she said, "was not securing Mr. Gordon's help to begin with, for then we should never have needed to hold the train up, or, if we had, we should never have been discovered."

What was more to me than this ill deserved admiration were two things

she said on the way back when we two had paired off and were a bit behind the rest.

"The sandwiches and the whisky were very good," she told me. "And I'm so grateful for the trouble you took."

"It was a pleasure," I said.

"And, Mr. Gordon," she continued, and then hesitated for a moment, "my—Frederic told me that you—you said you honored me for"—

"I do," I exclaimed energetically as she paused and colored.

"Do you really?" she cried. "I thought Fred was only trying to make me less unhappy by saying that you did."

"I said it, and I meant it," I told her.

"I have been so miserable over that lie," she went on, "but I thought if I let you have the letters it would ruin my life. I really wouldn't mind poverty myself, Mr. Gordon, but he takes such pride in success that I couldn't be the one to do it. I ought to have known you would help us."

I thought this a pretty good time to make a real apology for my conduct on the trail as well as to tell her how sorry I was at not having been able to repack her bag better. She accepted my apology very sweetly and assured me her belongings had been put away so neatly that she had wondered who did it. I knew she only said this out of kindness and told her so, telling also of my struggles over that pink beribboned and belaced affair in a way which made her laugh. I had thought it was a ball gown and wondered at her taking it to the canyon, but she explained that it was a dressing sack. That made me open my eyes, thinking that anything so pretty could be used for the same purposes for which I use my crash bath gown, and, while my eyes were open, I saw the folly of thinking that a girl who wore such things could ever get along on my salary.

In that way the incident was a good lesson for me, for it made me feel that even if there had been no Lord Raltes I still should have had no chance.

On our return to the cars there was a telegram from the postmaster general awaiting me. After a glance at it, as the rest of the party looked anxiously on, I passed it over to Miss Cullen, for I wanted her to have the triumph of reading it aloud. It said:

Hold letters pending arrival of Special Agent Jackson, due in Flagstaff Oct. 23.

"The election is the 18th," Frederic laughed, executing a waltz dance on the platform. "The G. S.'s dough is cooked."

"I must waltz with some one," cried Madge, and before I could offer she took hold of Albert and the two were whirling about, much to my envy. The Cullens were about the most jubilant road agents I had ever seen.

After consultation with Mr. Cullen, we had 218 and 97 attached to No. 1 when it arrived and started for Ash Forks. He wanted to be on the ground a day in advance, and I could easily be back in Flagstaff before the arrival of the special agent.

I took dinner in 218, and they toasted me as if I had done something heroic instead of merely having sent a telegram.

Later four sat down to poker, while Miss Cullen, Fred and I sat on the platform, and Madge played on her guitar and sang to us. She had a very sweet voice, and before she had been singing long we had the crew of a "dust express"—as we jokingly call a gravel train—standing about, and they were speedily re-enforced by many cowboys, who left the saloons to listen to her, and who, not being overcautious in the terms with which they expressed their approval, finally by their riotous admiration drove us inside. At Miss Cullen's suggestion we three had a second game of poker, but with chips and no money. She was an awfully reckless player, and the luck was dead in my favor, so Madge kept borrowing my chips till she was so deep in that we both lost account. Finally, when we parted for the night, she held out her hand, and, in the prettiest of ways, said:

"I am so deeply in your debt, Mr. Gordon, that I don't see how I can ever repay you."

I tried to think of something worth saying, but the words wouldn't come, and I could only shake her hand. But, duffer as I was, the way she had said those words, and the double meaning she had given them, would have made

me the happiest fellow alive if I could only have forgotten the existence of Lord Raltes.

**NEW SKIRTS.**  
Flounces Are Again in Favor—New Bodices.

The prevailing skirt is from 4½ to 5 yards around and has no godets in front or at the sides, all the fullness being carried to the back. The haircloth lining, or, rather, facing, grows narrower and narrower and does not now exceed 6 inches in width, at least in the new French models. Here in America stiff skirts are still seen, but they are not the mode.

Flounces are coming into high favor again. Some skirts are entirely covered with them, the flounces being either gathered or cut to flaring, circular form. The latter variety is not suited for thin wash goods, which look much better made full.

Accordion plaited skirts are much worn, but more for demitoe and evening than for the street. The "soleil" or sun plaited skirts are new this season. They are entirely circular, and the plaits radiate from the center. Silks and thin wools are the most suitable goods for these skirts.

The trimming on skirts is placed at the top or near the middle rather than at the foot, although sometimes the lower edge is decorated horizontally or vertically.

Corsages of most gowns are made with a bolero or a blouse. The boleros vary greatly in style. The blouses are made very full with a great deal of trimming.

Bodies with a round belt are advantageous to small women and to slender ones, but should be avoided for stout figures. An unbelted, close corsage, pointed back and front, makes the waist appear longer and smaller, as does a plain closing down the middle of the front. Double-breasted and crossed effects simplify the form, while vertical lines diminish it.

The picture given today shows an odd and novel bodice. It is of green taffeta, fitted tight to the figure, and is covered with white guipure. A drape of Nile green taffeta begins at the right shoulder and is carried obliquely across the front to the left side below the arm. At the back the same sort of drape begins at the left shoulder and runs transversely to the right side under the arm. The draperies are fastened by choux of the same material. The close sleeves of Nile green taffeta are covered with white guipure and have shoulder puffs of Nile green mouseline de soie. The collar, cravat and sleeve frills are of green mouseline de soie.

What's that job worth?" they asked the contractor.

"Well," he said, slowly, "that depends a good deal upon circumstances. If it was ordered by an individual I should think that \$100 would be about the limit, but if done for the city or county I shouldn't think of charging a bit less than \$850 with a clause in the contract permitting me to make an additional charge for extras."—Chicago Post.

**Better Feeling at Urbana.**

Urbana, O., June 8.—Sheriff McLain reached home from Springfield Monday. He was met at the depot by Deputy Sheriff Kiray in a cab and hurried off to his mother's home. Mayor Gannon says that all was done by the sheriff to save Mitchell that could have been done, and if more force had been used men, women and children would have been killed. The feeling here has subsided very much. A strong reaction has set in, and the best public opinion favors protection to the fullest for Capt. Leonard and his company.

**Gas Explodes in a Mine.**

Monongahela, Pa., June 8.—By an explosion of gas in the Black Diamond mines of the Brown Coal Company, two miles south of here, Monday, several men were injured, but none fatally. The explosion occurred about 7 o'clock, and a rescuing party went immediately into the mine and all of the men were taken out before they were overcome by the deadly afterdamp. The gas is said to have been ignited by an open lamp, and the escape of the 300 miners is remarkable.

**Large Plant Closed Down.**

**Politician Kills an Editor.**

Wichita, Kas., June 8.—At Ardmore, I. T., Monday, James Williams, editor of the Daily Chronicle, was shot through the heart by Clarence Douglass, a politician. Douglass was the subject of a satirical article which appeared in the Chronicle recently. When he met Williams he accused him of the authorship of the objectionable article, and Williams laughingly admitted that he wrote it. Douglass immediately drew his pistol and fired. Williams leaves a wife and eight children and they are crazed with grief. Threats of lynching are heard and Douglass is kept under heavy guard.

**Notable Values in Ready-Made Skirts, Silk and Velvet Capes and Wash Goods.**

The backward season has thrown thousands of dollars' worth of such merchandise on the market at prices positively less than the cost of manufacture, and the result of Mr. Reid's visit to the market the past week will be found in some of the best offerings of the whole season. Several cases of Wash Goods are among the arrivals and there are many new things among them never seen before.

'Nanola Dimity.' Light and dark grounds, including black and white. Sixty pieces of one of the best fabrics produced; width 26 inches; patterns all new. Your guess at the price would say a shilling, but you would have to guess again, for it's 5c.

Fine Organdies (dimity) and Nainsooks The very newest designs and colorings in a large range of styles; mid-season novelties that are different from the ordinary run. Values as never before—per yard, 10c. Width, 30 inches.

CAPES are necessary for evening wear all summer. To own one of ours is easy; the new line is at half price and less. One of velvet is silk lined, has lace ruche and is embroidered in colors. Twenty of them are offered at \$2 87; another of velvet with ribbon ruche, novelty silk lining, is \$3.50. One with Empire plait in the back, wide col-

lar of velvet, brocade silk lining, ribbon ruche—\$4.00, others up to \$7.50. All the above Capes are in black only. Colored Capes are cheaper yet, next to nothing prices.

Silk and Sicilian Skirts. Large patterns are the favorites and this new line displays some handsome designs. They are tailor-made, cut full width, well lined and are positive bargains at the prices,—\$2 1/2, \$3, \$4, \$4 1/2, \$5, up to \$7 1/2 for the silk brocades of ten and twelve dollar values.
